

Fraction Card Flip

A = 1
K = 12
Q = 6
J = 7

You and your partner will need:

- 1 Deck of Cards
- 2 Sheets of Graph Paper
- Colored Pencils

Directions:

1. Partner 1 flips 2 cards and makes a proper fraction.
2. Partner 2 flips 2 cards and makes a proper fraction.
3. Using the graph paper, multiply the 2 fractions.
4. Circle your answer.
