Learning Outcomes
Curriculum Design Project

JRinehart_cmap on curriculum design

The learning outcomes that will come from this professional development are:

- Teachers will obtain resources and references to help with students with disabilities
- Teachers will obtain resources and references for difficult students
- Teachers will be engaged in team building activities
- Teachers will obtain information on new licensure procedures
- Teachers will receive information on the new application for Individual Professional Development Plans
- Teachers will have time to collaborate with other teachers
- Teachers will be able to share strategies that they use in the classroom
